The Louisiana Landmarks Society's Pitot House will host an interactive workshop to find solutions for implementing 21st century low-energy environmental systems in 19th century buildings. These concepts will be presented to a national audience of historic building stewards, preservation professionals, and future preservation practitioners. The workshop will give participants direct experience in the decision making needed for implementing alternative systems for the Pitot House.

WORKSHOP PRESENTERS:

- **Michael C. Henry, PE, AIA, PP**, Watson & Henry Associates
 - **Wendy Claire Jessup**, Conservation Consultant, Wendy Jessup and Associates, Inc.
